

# EMBRACE GARDENING

## Getting the Most Out of Your Garden Space

**Wednesday, June 3, 2020**

**7:00- 9:00pm**

**Online Webinar with GoToMeeting  
Hosted by Inglewood Community Garden**

**We will have spent May sowing and transplanting, and things are coming up and some may almost be ready to eat. While others should not have even gone into the soil outside yet!  
There's more to edible gardening in Calgary!**

**In our 3rd webinar this year we will be looking at:**

- Tender plants and warm season crops
- Cultural practices- Weeding, Thinning, Pinching back, Staking, Hilling and Blanching
- Early harvests and succession planting
- Water and Soil conservation techniques
- Insects, weeds, and pathogens –IPM
- Keeping the garden productive through fall.

**Registration Required:**
